

M-EXCHANGE USER GUIDE

A super handy guide to help you navigate
our online FX Dealing platform

What's covered in this guide

1. Technical Requirements.....	3
2. Logging into the M-Exchange System.....	4
3. M-Exchange - Overview	5
4. Setting up your Currency Pairs	6
5. Booking a FX Spot or FX Forward Transaction.....	7
6. Booking a FX Time Option Forward Transaction.....	11
7. Drawdown on FX Time Option Forward Transaction	13
8. Booking an FX Swap Transaction	15
9. Chat Facility.....	17
10. Watchlist.....	18
11. Checking your Transactions on FX Blotter	19
12. Printing the Transaction ticket	23
13. Troubleshooting and Help.....	24

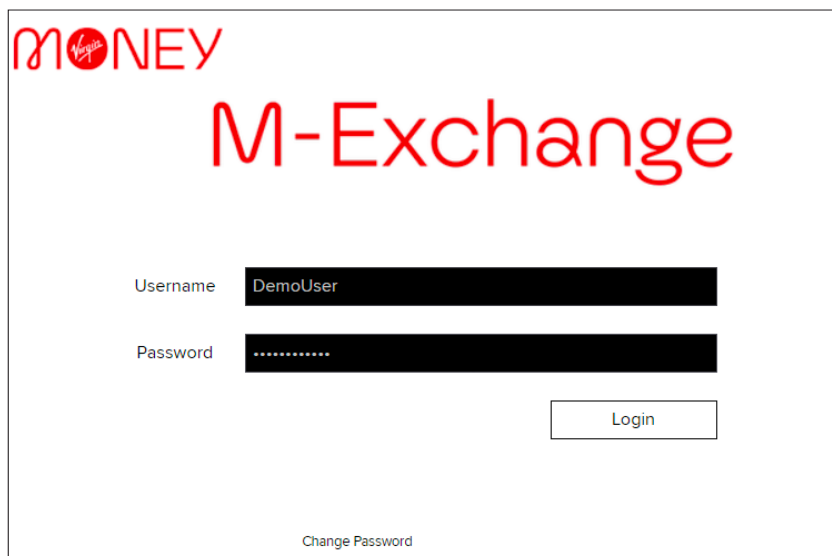

1. Technical requirements

M-Exchange works with almost all browsers. Take a look at the list below for available ones.

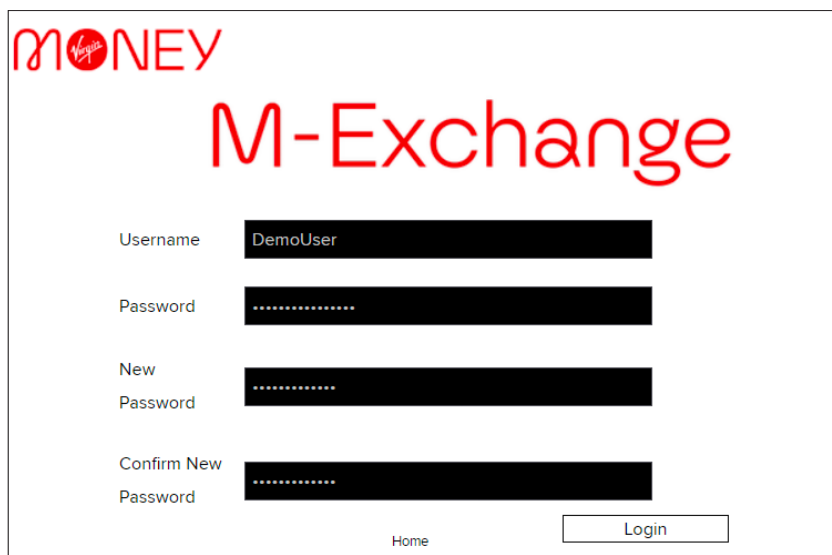

Software
Google Chrome (v.83.0.4103 or above)
Mozilla Firefox (v.78.0.1 or above)
Microsoft Edge (v.44.18362 or above)
Safari (v.13.1.1 or above)

2. Logging into the M-Exchange System

Launch the application from M-Exchange home page [here](#) or bookmark the page directly:
https://m-exchange.fx.com/client_VM/#!/login

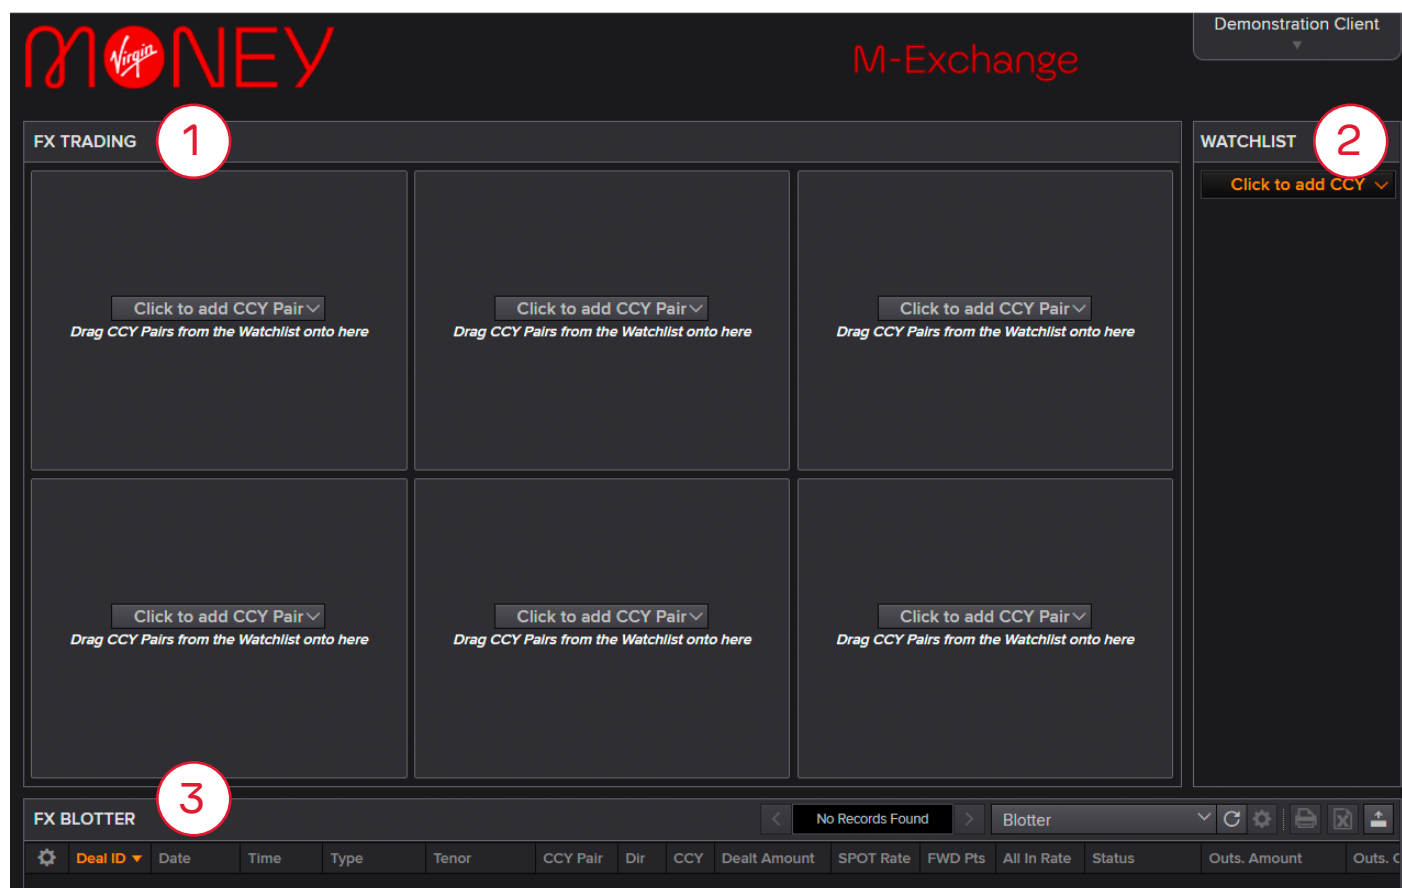

If you need to change the password, click '**Change Password**' at the bottom of the screen.

Forgotten your password? – No problem.

Just contact **M-Exchange Support** (M-Exchange@virginmoney.com/0800 028 8352) who will generate a One Time Password (OTP) for you that will be sent to the registered mobile number we hold on our systems.

3. M-Exchange – Overview

1) FX Trading Tiles

The FX Trading Tiles display up to 6 currency pairs and are the main tiles used for your FX Trading (see Section 4 Setting up your Currency Pairs on page 6)

2) Watchlist

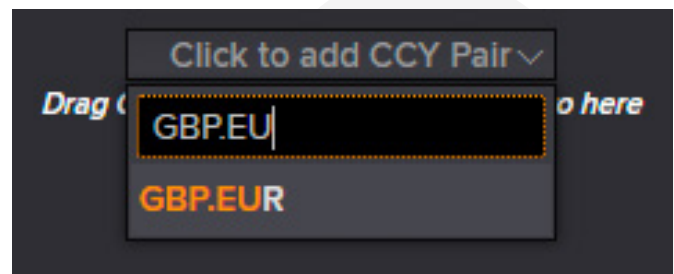

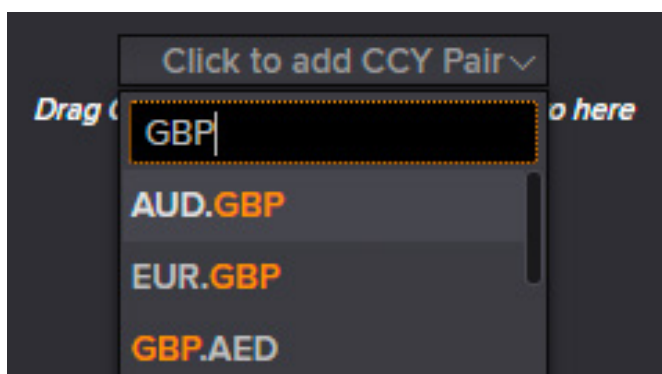

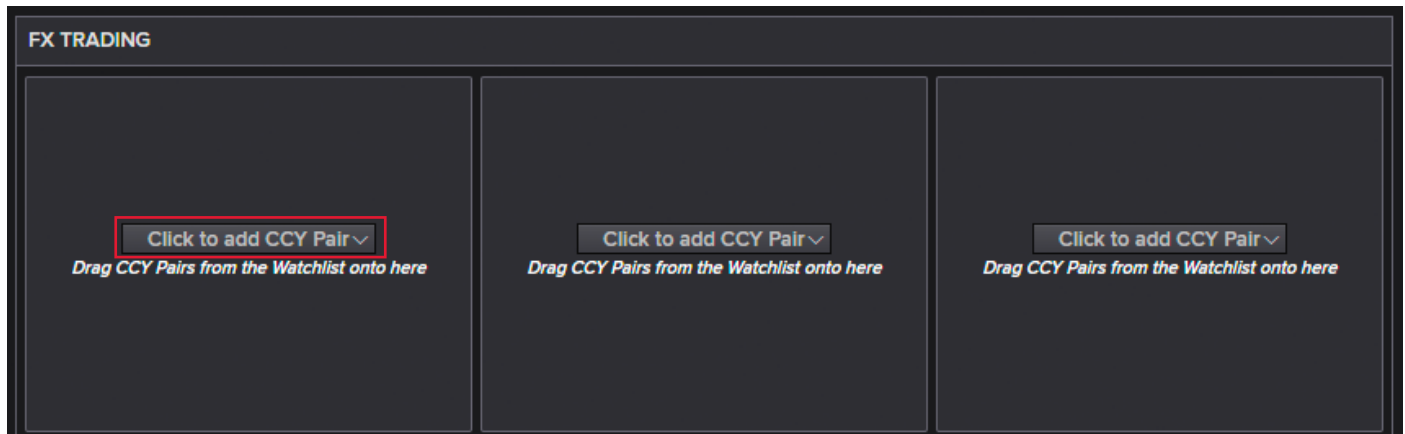

The Watchlist is used to store up to 10 additional currency pairs that you may wish to monitor the FX rates for. These can be transferred to your FX Trading Tiles when you need to trade that currency pair (see Section 8 Watchlist on page 15)

3) FX Blotter

The FX Blotter is your handy record of all your FX transactions. You can use the various filters to view your trades or create custom filters to set up specific views (see Section 9 Checking your Trades on FX Blotter on page 18)

4. Setting up your Currency Pairs

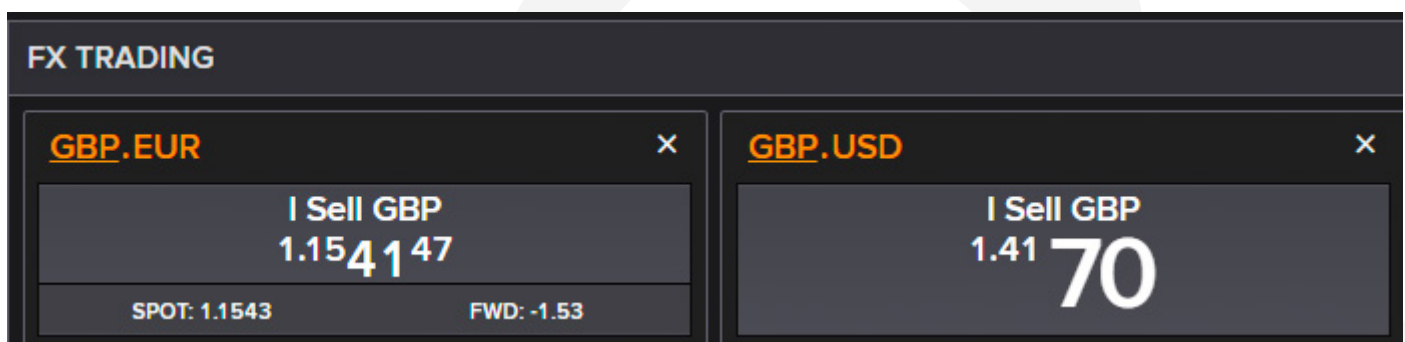

In the 'FX Trading' section, click on the **Click to add CCY Pair** drop down box and begin typing the currency pair you wish to be displayed, choose from the list or type in full pair e.g. GBP.EUR (Make sure each currency pair you want to select is separated by a dot i.e. ".")

The FX rates will now be displayed for the currencies you have selected.

The exchange rate you will see is permission based & restricted to either one direction or two-way display per your dealing requirements.

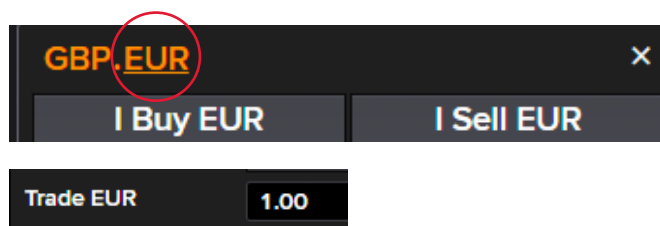

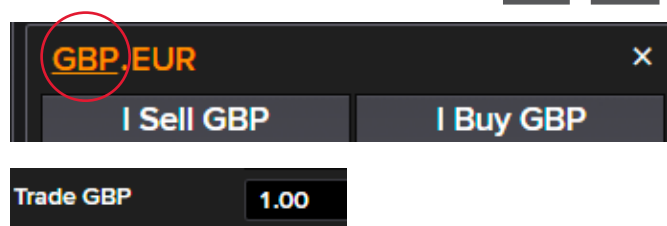

It's easy to update your permissions by speaking to your Financial Risk Solution Dealing Room contact.

5. Booking a FX Spot or FX Forward Transaction

After you have set up your currency pairs, from the rate tile choose the currency pair you wish to make a trade on.

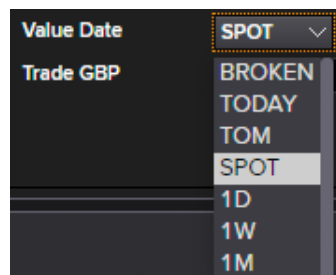

The **underlined** currency will determine the **I Sell / I Buy** display & the trade currency.

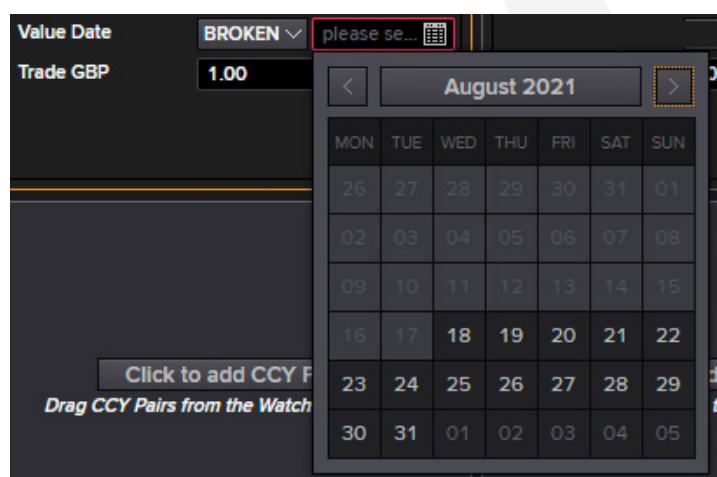

From the dropdown choose the **Trade Type** you are permitted for.

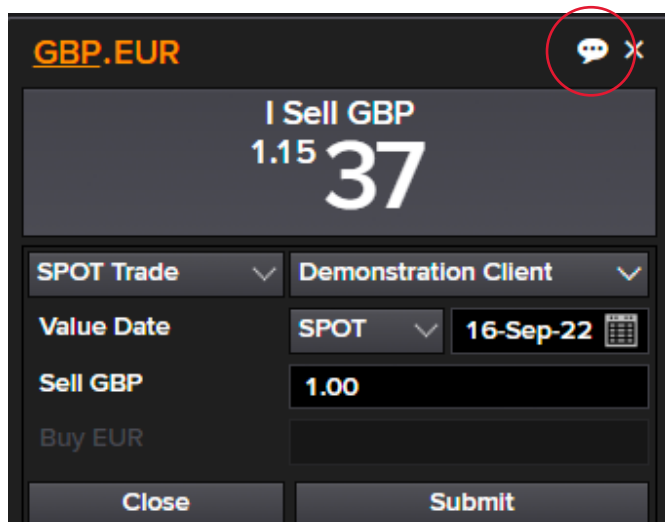

Choose the **Value Date** you require from the dropdown list.

Or select **Broken** to use the date picker to select a specific date.

If you want, you can enter any memo details for this trade e.g. Invoice Numbers, by clicking on the **speech bubble**.

With Forward Contracts you will see the breakdown of **Spot Rate** & **Forward** adjustment.

The screenshot shows a trade entry interface for GBP.USD with ID 506215. The main display shows 'I Sell GBP' at a rate of 1.147245. Below this, the 'SPOT' rate is 1.1476 and the 'FWD' adjustment is -3.55, both circled in red. The interface includes fields for 'Time Option' (set to 'Demonstration Client'), 'Start Date' (1W, 23-Sep-22), 'End Date' (BROKEN, 20-Oct-22), and 'Sell GBP' (1.00). At the bottom, there is a progress bar at 12% and a 'Reject' button.

To book a trade, follow the steps in Section 5 'Booking a new FX Trade' on page 7.

The accepted trade details will turn **Blue**, with the option to **Close** or **Print** the trade.

The screenshot shows the same trade entry interface for GBP.USD with ID 506216. The main display now shows 'I Sold GBP' at a rate of 1.147245 in blue. The 'SPOT' rate is 1.1476 and the 'FWD' adjustment is -3.55, also in blue. The interface includes fields for 'Time Option' (set to 'Demonstration Client'), 'Start Date' (1W, 23-Sep-22), 'End Date' (BROKEN, 20-Oct-22), and 'Sell GBP' (1.00). At the bottom, there are 'Close' and 'Print' buttons.

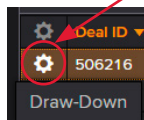

Remember to click on **Close** to remove the ticket from screen.

7. Drawdown on FX Time Option Forward Transaction

You can search on FX blotter by Deal ID or pre-defined filter, refer to Section 11 Checking your Transaction on FX blotter.

FX BLOTTER														
										1-5 of 11	Blotter			
Deal ID	Date	Time	Type	Tenor	CCY Pair	Dir	CCY	Dealt Amount	SPOT Rate	FWD Pts	All In Rate	Status	Outs. Amount	Outs
506216	14-Sep-22	11:27:20	T-OPTION	BROKEN	GBPUSD	Sell	GBP	1.00	1.1476	-3.55	1.147245	Completed	1.00	

Click on the 'cog' & select Drawdown.

Trade details will appear.

'Outs. Sell' / 'Outs. Buy' is the residual balance of the contract (funds available for drawdown).

A screenshot of the GBP.USD trade details window. The window title is 'GBP.USD'. It shows trade details: 'I Sell GBP 1.147245', 'Parent ID 506216', 'Trade Date 14-Sep-22', 'Start 23-Sep-22', 'End 20-Oct-22'. Below this, 'Outs. Sell 1.00 GBP' and 'Outs. Buy 1.15 USD' are shown. The 'TO Draw-Down' section is expanded, showing 'Demonstration Client' as the client, '1W' as the frequency, and '23-Sep-22' as the date. Under 'Draw-Down Leg', 'Sell GBP' is selected with a red exclamation mark icon, and a red box highlights the 'Type amount' input field. There are 'Close' and 'Submit' buttons at the bottom.

The Drawdown leg is the date that you wish to drawdown the funds.

Note: The drawdown date cannot be sooner than original Start Date of the Time Option.

A close-up screenshot of the drawdown leg section. It shows 'Draw-Down Leg' with a dropdown set to '1W' and a date picker set to '23-Sep-22'. Below this, 'Sell GBP' is selected with a red exclamation mark icon, and a red box highlights the 'Type amount' input field. There are 'Close' and 'Submit' buttons at the bottom.

Input drawdown amount, Click **Submit**.

A close-up screenshot of the drawdown leg section. It shows 'Draw-Down Leg' with a dropdown set to '1W' and a date picker set to '23-Sep-22'. Below this, 'Sell GBP' is selected with a red exclamation mark icon, and the 'Type amount' input field now contains the value '0.25'. There are 'Close' and 'Submit' buttons at the bottom.

Once the Drawdown is booked the accepted trade details will turn **Blue**, with the option to **Close** or **Print** the trade.

9. Chat Facility

When you receive the onscreen message '**Waiting For Price**' the request for quote may have gone to our Dealing Room team for further assistance.

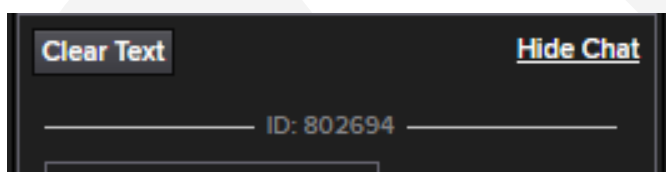

The team can chat with you & provide update on your rate request status, this chat function will begin to flash when the dealer has posted a message.

Click on the chat box, text box will open up.

You can respond back to the dealer using the chat box & hit Enter (arrow).

To close the chat, click **Hide Chat**.

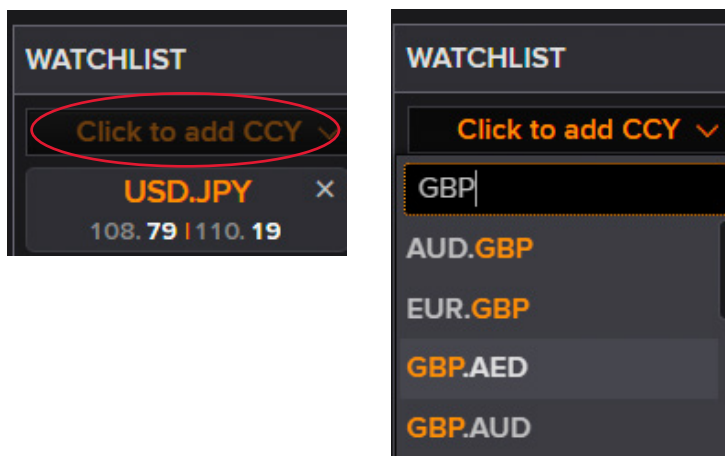

This will take you back to the request for price ticket.

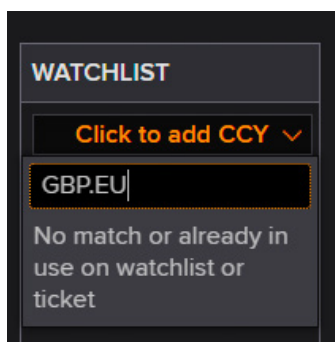

10. Watchlist

Your **Watchlist** has been created to add currency pairs that you wish to monitor the FX rates that you may require, in addition to the 6 tiles available on the FX Trading section

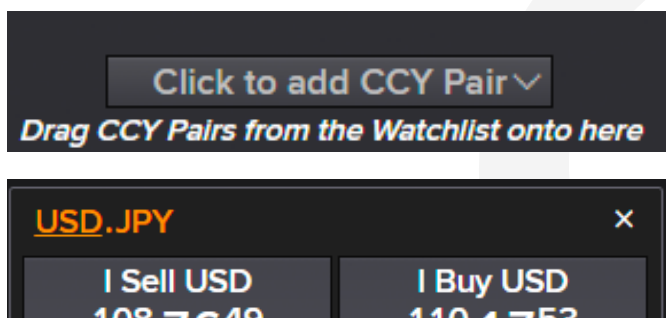

You can add up to 10 additional currency pairs to your Watchlist by clicking on the **Click to add CCY** drop down box and begin typing the currency pair you wish to be displayed or chose from list or type in full pair e.g. GBP.EUR (Make sure each currency pair you want to select is separated by a dot i.e. ".")

If you have already chosen the currency pair you wish to add and/or the FX rates are already displayed on one of the FX Trading tiles, you will receive this message.

When you are ready to book a trade (if permissioned), you will need to drag the currency pair from your Watchlist across to your FX Trading tiles. You can drag this to an empty tile or replace a current tile with the selected currency pair.

To book a trade, follow the steps in **Section 5 'Booking a FX Spot or FX Forward Transaction'**.

11. Checking your Transactions on FX Blotter

The FX Blotter is set to default on the 'Blotter' view and only shows the deals you have traded in the previous 24 hours. This will include ALL deal status types in real time.

Should you wish to view any historic trades or get a list of your current outstanding trades, you will need to use the 'Blotter' search functions to search by a **Deal ID** or create a **custom filter search**.

The default filters on FX Blotter are 'Deal ID Search' & 'Blotter'.

By clicking on the **Blotter** arrow, you will see a dropdown box with options.

FX BLOTTER

<

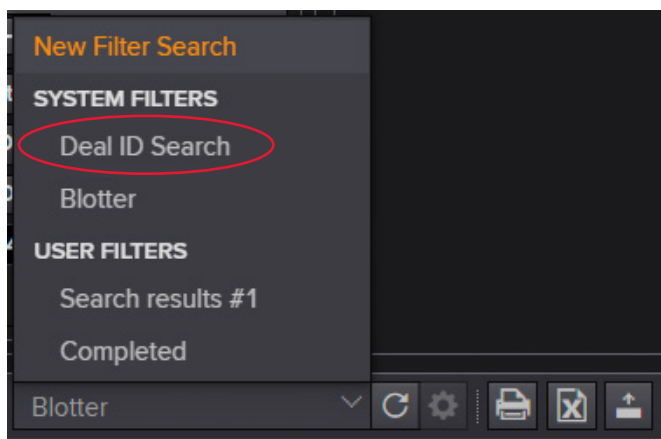

1-5 of 18

>

Blotter

Deal ID search

On the **Blotter** dropdown, choose 'Deal ID Search'.

Enter the Deal Reference ID & hit **search** (magnifying glass icon).

Deal ID: 465530  Deal ID Search

The deal information you have searched for will be populated in the FX Blotter.

FX BLOTTER

Deal ID: 465530

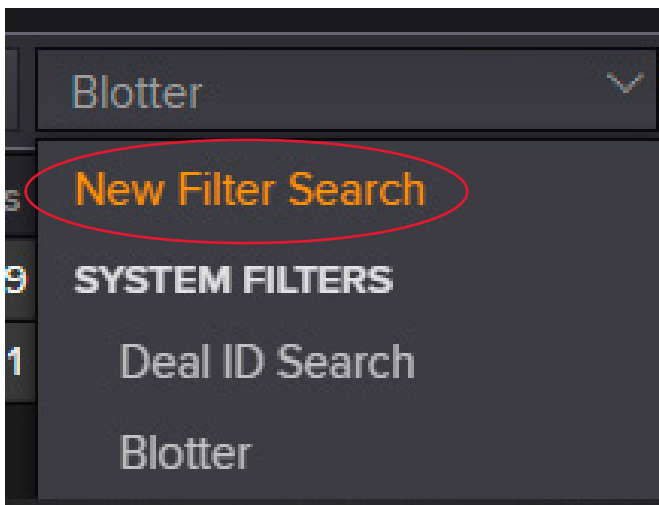

Deal ID Search

<div></div> Deal ID ▾	Date	Time	Type	Tenor	CCY Pair	Dir	CCY	Dealt Amount	SPOT Rate	FWD Pts	All In Rate	Status	Outs. Amount
<div></div> 465530	01-Jun-21	13:56:24	T-OPTION	BROKEN	GBP/AUD	Buy	AUD	201.00	1.8245	2.44	1.824256	Completed	201.00

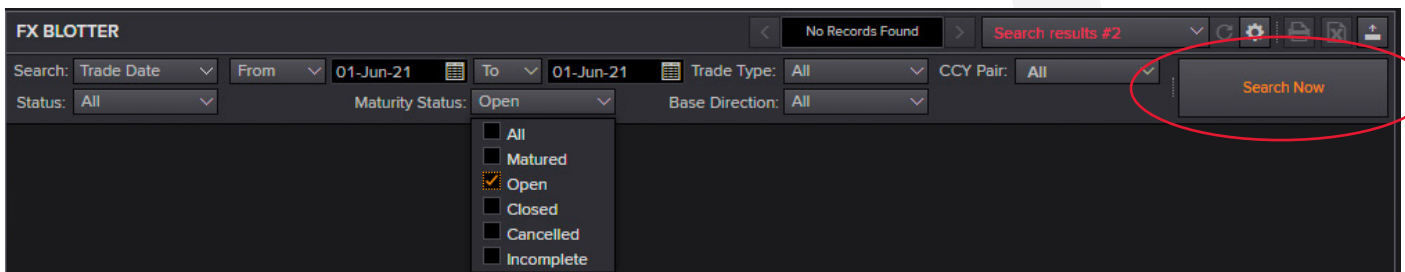

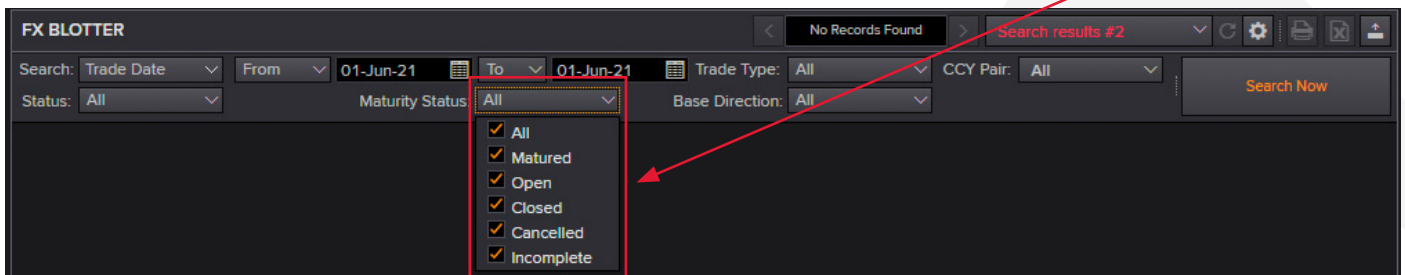

Creating a Custom Filter Search

You can create your own filter & customise the layout of the columns within the FX Blotter.

Click on the **Blotter** button and select 'New Filter Search'.

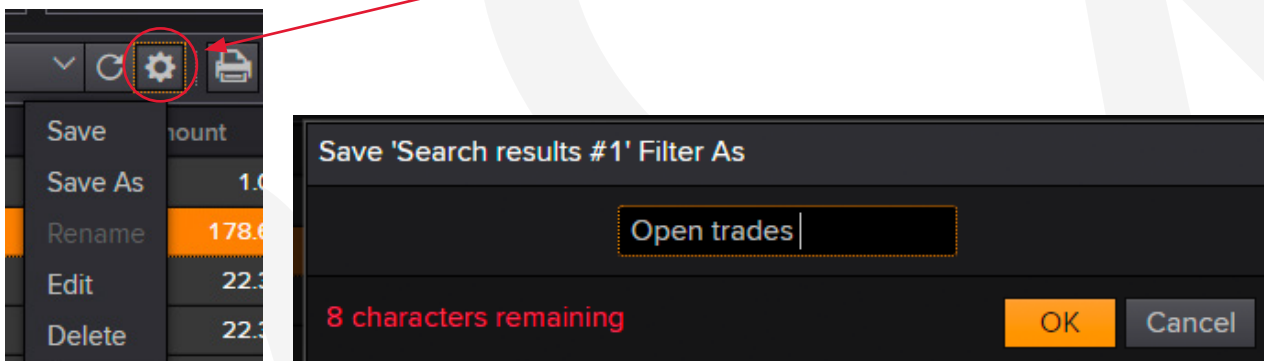

A series of dropdown boxes will appear. From the dropdown box menu, choose which criteria you wish to search on (e.g. Maturity Status) and select one of the options by removing the tick **All** box, and selecting the trade type you require e.g. Open trades or Matured trades.

Once selected, click on **Search Now**.

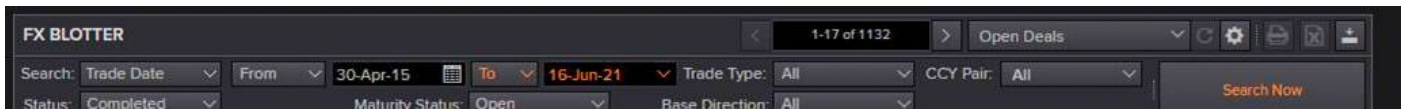

To save the search criteria, click on the 'cog' and select 'Save As'.

Custom Filter Search Example Walkthrough

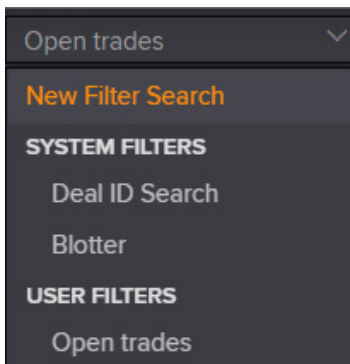

Create an Open trades (deals) filter.

In the example below, we looking to create a filter for viewing 'Open trades'

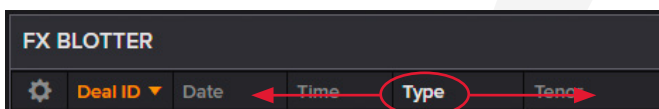

- 1) Go to 'New Filter Search' on the **blotter dropdown** menu.
- 2) Change date 'From' to any historical date
- 3) Click the 'To' button (make sure to click 'To' itself, not the date) then tick 'Relative.'
- 4) On the 'To' date field, select 'Today' from the dropdown menu. It should then populate today's date in orange.
- 5) Change 'Status' to only 'Completed'.
- 6) Change 'Maturity Status' to only 'Open'.
- 7) Then click the 'Options' cog wheel (next to 'Search results') and 'Save as'. Call the filter 'Open Deals' or whatever name is preferred.
- 8) When clicking 'Edit' (on the 'Options' cog wheel dropdown) it should look like the below. As the 'To' date is set to relative, it should keep updating to 'Today' and ensures new deals are included:

Your filter will now be saved under the **User Filters**, within the Blotter dropdown.

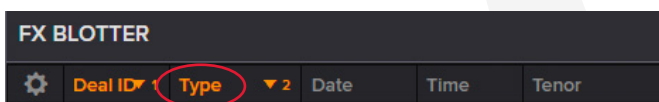

Editing the FX Blotter Layout

To move the layout of the columns, click on the column you want to move. The heading will turn white.

Drag across to your desired display column.

Curious about the blotter buttons?

- 1)  Refresh
- 2)  Filter Options
- 3)  Send to Printer (print trade ticket)
- 4)  Export to Excel
- 5)  Snap up This new function allows you to expand on the view of the FX blotter allowing you greater visibility of trades (see below)

13.Troubleshooting and Help

If you are receiving an error message upon first login or when changing a password, the browser settings may need to be updated if 'Offer to save password' is highlighted/ticked.

The screenshot shows the M-Exchange login interface. At the top left is the 'mONEY' logo, with 'm' in red and 'ONEY' in black. To its right is the title 'M-Exchange' in a large red font. Below the title, a red error message reads 'Login failed: Invalid credentials or Account locked.' There are two input fields: 'Username' containing 'DemoUser' and 'Password' containing 'Password'. A 'Login' button is positioned to the right of the password field. At the bottom center, there is a link that says 'Change Password'.
