## Interest and fees you pay us

Telling you when you need to pay interest and fees	At least 14 days' notice	At the end of each month, we'll let you know how much interest and fees you need to pay. We'll give you at least 14 days notice before we take the interest and fees from your account. If the Fee For Maintaining The Account is the only fee you need to pay, we won't send you notice of that (you don't need more paperwork!) – you know we'll collect in the last few days of the month.

## Important information

If you ever need another copy of this Tariff or your Terms or you want more info about our accounts, just let us know. You can call us on **0800 121 7365** (from overseas it's **+44 141 221 7300** – standard international rates apply) or go to our website [www.virginmoney.com](http://www.virginmoney.com)

We've only included the most common charges for the Club M Account and Club M Saver in this Tariff. We'll tell you about any others before we charge them.

## Interest rates

We can change your interest rates. Your Terms give you more details about when we can do this and how we'll let you know. If it's the kind of change that we need to publish in a newspaper, we'll usually use The Daily Mail, The Daily Record and The Yorkshire Post.

You can always find your current interest rates:

- On our website at [www.virginmoney.com](http://www.virginmoney.com)
- By popping into our Stores.
- By phoning us on **0800 121 7365**.

These are the types of interest rates we use:

- \* **Gross rate** This is the rate of interest we pay you. We don't take any tax away from the interest we pay you (which would be called the 'net rate'). If the interest you earn is more than the Personal Savings Allowance, you'll have to pay tax directly to HM Revenue and Customs. It'll depend on your circumstances and it might change in future. For more info, please visit [www.gov.uk](http://www.gov.uk)
- + **AER** The AER (or Annual Equivalent Rate) is the equivalent rate of interest that you would earn if we paid interest once a year.
- + **EAR** The EAR (or Effective Annual Rate) is used to show the cost of borrowing on current accounts. The EAR takes into account the rate of interest that we charge, the frequency we charge it and the effect of charging interest on your interest (also known as 'compound interest'). It doesn't include overdraft fees. It's also variable – so it can change.
