Help

Making investments easier to understand

Answering your questions

If you're unsure about anything or you have a question, you can find plenty of useful information in the Help section of Online Service and on our website.

If you'd rather talk to us, you can. We're happy to take a bit more time to explain things if that would help, but don't forget we're not allowed to give you any financial advice.

Getting in touch

You can:

- Sign in at virginmoney.com/investments/sign-in and start a web chat or send us a secure message.
- Call us on **03455 28 88 88**.

We're here 8am to 9pm Monday to Friday, and 9am to 6pm on Saturdays, and we'll do everything we can to help.

Calls to 03 numbers cost the same as calls to 01 and 02 numbers, and they're included in inclusive minutes and discount schemes in the same way. Calls may be recorded.

First things first...

The basics

Our Investment Account is a way to hold investments to create income or capital growth for you.

We pool together your and other customers' money and invest it in the funds you select. The funds either invest directly in assets such as shares and bonds, or in other funds selected by our fund manager (you can learn more at virginmoney.com).

Our funds offer different levels of risk and potential for growth to suit your needs.

Funds are made up of units, which are priced each business day. If you'd like to see the up-to-date unit price of the funds you're invested in, just sign in to Online Service.

If you're all clear so far, then that's a good start for understanding the rest of the document. If you're unsure of anything though, check out the Help section at the start of this document.

Who can have an account

You can have a Virgin Money Investment Account if you are:

- A UK resident as far as HM Revenue & Customs is concerned. This includes British Forces employees working overseas.
- At least 18 years old.

You won't be able to have our Investment Account if you:

- Want a joint or trust account.
- Are a citizen of the US.

So far, so good? Let's get going

Key features

keyfacts[®]

The Financial Conduct Authority is a financial services regulator. It requires us, Virgin Money, to give you this important information to help you to decide whether our Investment Account is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference.

Its aim

The aim of our Investment Account is to create income or capital growth for you.

Your commitment

- To open an investment account with us, you need to do one of the following:
 - Transfer an investment account to us.
 - Pay in a lump sum of at least £100.
 - Set up a regular monthly payment of at least £25.

Also, you need to:

- Keep a positive balance in your Investment Account, otherwise we'll close it.
- Pay the Account Charge and all charges relating to your funds.
- Keep your sign-in details for Online Service safe from other people.
- Tell us if you move abroad, as you may not be able to pay into your Investment Account.

You can:

- Change the amount you pay in, or stop making payments, whenever you want.
- Transfer most other investment accounts into this investment account.

Risks (Product)

- It's up to you to check that our Investment Account suits your needs. If you have any doubts about this, you should get independent financial advice.
- The government may change how they tax investment accounts in the future.
- You have the right to cancel your Investment Account in the first 30 days. If you do, the value you get back might be less than your original investment.

Risks (Investments' performance)

- The value of the investments in your Investment Account can go up and down, so you may get back less money than you put in.
- Past performance of our funds is not an indication or guarantee of future performance.
- The value of your Investment Account will depend on how much you save, the charges you pay and the rate your investments grow at over the years.
- Our funds have their own risks and it's important to consider these before choosing to invest. You can find information on fund-specific risks in the Key Investor Information Document for each fund.

Risks (Taking your Investment Account savings)

- If you ask to transfer your Investment Account somewhere else, we'll sell your units and transfer the money to your new provider.

Questions and answers

What is the Virgin Money Investment Account?

Our Investment Account is a way to hold investments, to create income or capital growth for you.

How can I manage my Virgin Money Investment Account?

The easiest way to manage your Investment Account, at any time, is with Online Service.

If you held an Investment Account with us before 1 January 2023 (as a Unit Trust), you might also be able to manage it by phone and post.

How can I keep up to date with my Investment Account?

We'll give you all the information you need in Online Service. You can also check your account using our Investments and Pensions app.

If you had an Investment Account with us before 1 January 2023, we'll also send you any important information in the post, unless you've chosen to go paperless.

Can I change my mind?

Yes, you're free to cancel your Investment Account with us within 30 days of opening it. Just write to us at **Virgin Money Investments and Pensions, PO Box 24204, Edinburgh EH3 1JP** and we'll sort it.

If you do cancel your Investment Account, we'll sell all your units and convert them to cash. We'll even pay back any Account Charges we may have collected. You'll get back whatever your savings are worth, which could be more or less than you put in. Otherwise, it'll be as if you never opened the account.

Where you paid money into your Investment Account with a lump sum or regular payments, we'll pay the value back to your nominated bank account.

If you transferred an investment account to us from another provider, we'll check whether we can return the money to them. If they refuse to accept it, you'll need to find another provider that will. We won't sell your units and convert them into cash until your old provider agrees to accept the money or you find a new one.

What about tax?

Unlike ISAs, there are no tax benefits. Investment income may be subject to income tax, and gains subject to Capital Gains Tax, depending on your individual circumstances. The rules can be complicated and may change. See [gov.uk](https://www.gov.uk) for the details.

How much can I put in?

Once your Investment Account is up and running, you can pay in anything from £1.

Can I stop paying into my Investment Account?

Yes, you can stop, start and change how much you're paying in at any time. You're in control.

How do I pay in?

You can pay money in by Direct Debit or debit card.

Can someone else pay into my Investment Account?

If you opened your account after 1 January 2023, you're the only person who can pay into your Investment Account.

If you opened a joint account with us before 1 January 2023, yes, you and the joint account holder can both pay in.

Can I transfer my other investment accounts into this one?

Yes, you can transfer investment accounts you hold elsewhere, into your Virgin Money Investment Account. We'll only accept the cash value though. This means your current investments will be cashed in by your provider before transferring the money to us.

Can I choose the funds I invest in?

Yes, you can choose from our range of funds. You can also switch between funds and there's no charge for this.

You can find out which funds are available on our website.

What happens if I switch between funds?

When you switch between our funds, it doesn't automatically change the funds that any regular payments are investing into.

You can leave your regular payments buying your original fund choice, or update them.

Any payments made before the switch that aren't yet invested, will be invested in the original funds. If you wish, you can then choose to switch anything newly invested in the original funds, into your more recently selected funds.

What do I pay in charges?

We'll collect an Account Charge from your Investment Account each month. This is for managing your Investment Account account. It comes from the sale of units in your funds which turns them into cash.* It's not charged on any cash you hold with us.

There's also an Annual Management Charge for managing the funds held in your Investment Account. The charge amount depends on the fund you're invested in and is reflected in the daily unit price. You'll find the charges listed in **Our funds and charges** document, and the details of how they're worked out and charged in your Terms.

* If you have any cash in your account, we'll use that to pay the charge and only sell units if there isn't enough to cover the full amount.

When and how can I take my money?

You can ask to withdraw money to your nominated bank account at any time using Online Service. This could be a one-off payment, or you can set up a monthly withdrawal. The minimum amount for either is £50.

We'll sell some of your units to make the payment. If you hold more than one fund, we'll always ask you which fund(s) you want us to sell units from.

You can request a lump sum payment of up to 90% of the value of your Investment Account. If you want more than this, you'll need to take all your money out.

If you're requesting 100% of your money, we'll sell all your funds and send the money to you. If you have a payment that's going through that hasn't yet been invested, it won't be included – but you can withdraw it later, when invested. Once all your money has been withdrawn we'll close your account.

Please note: For Investment Accounts opened before 1 January 2023 (as a Unit Trust), you can ask for investment income to be paid into your bank account.

What tax do I pay when I take money out of my Investment Account?

We won't deduct any tax when you make a withdrawal. Any gains may be subject to Capital Gains Tax, depending on your personal circumstances.

What happens if I die before I take my money out?

When we receive confirmation of your death, we'll stop deducting the Account Charge.

Your money will remain invested until we pay the money out or we're told to sell your investments by your executor or administrator. We'll pay the money out after we've received all the information we need, and have completed our checks.

While your money is still invested, we'll continue to deduct the Annual Management Charge.

How can I find out how much my Investment Account is worth?

You can use Online Service to check the value of your Investment Account at any time.

We'll also give you a statement every six months, which shows how much it's worth.

Can I transfer my Investment Account to another provider?

Yes, you can, and we don't charge for this, but we'll be sorry to see you go.

To transfer your Investment Account, we need to get a fully completed instruction from your new provider. Once we've got this, we'll sell your investments and transfer the money to your new provider.

We can only complete transactions after we've received all the information we need, and have completed our checks.

What happens if I become non-resident?

You must be a UK tax resident to open an investment account with us.

After opening it, you must let us know immediately if you become non-resident.

When will my account be closed?

We'll close your Investment Account If you:

- Cancel your application.
- Withdraw all your savings.
- Transfer to another provider.

Once it's closed, we'll cancel any regular payments you might have set up.

How do I make a complaint?

We always try to do our best, but sometimes we don't get it right. If you have a complaint, please get in touch so we can try to sort it out. We'll get back to you as quickly as we can, but it might take us up to eight weeks to give you our final response.

If you're not satisfied with how we deal with your complaint, you can talk to the Financial Ombudsman Service. Speaking to them won't affect your right to take legal action.

Am I covered by the Financial Services Compensation Scheme?

Yes, Virgin Money is covered by the Financial Services Compensation Scheme (FSCS). In the unlikely event we can't meet our financial obligations, you may be entitled to compensation from the FSCS up to a maximum value of £85,000.

Terms

Your Investment Account

Investing for the future

Your funds

All the information you need to know about each fund, such as its risk level, charges and where it invests, is in each fund's Key Investor Information Document. You can get a copy of the document for your fund(s) on our website at any time.

Don't forget, the value of your investments can go down as well as up and you may get back less than you invest.

Your account

Managing your money

1. Managing your account

How you manage your Virgin Money Investment Account depends on when it was opened:

After 1 January 2023

You signed up for a digital account. This means you manage your account online, using our Online Service or our Investments and Pensions app. All your documents are kept securely online, and you can access them whenever you want. We also email you if there's something new you need to read.

After signing in, you can start a web chat with us or send us a secure message. Give us a call if you get stuck.

Before 1 January 2023*

You can continue to manage your account online, over the phone and by post. You can:

1. Keep track and manage your account with our Online Service, Investments and Pensions app, web chat, and secure messaging.
2. Give us instructions by post or over the phone, for example to set up a Direct Debit. Write to us at **Virgin Money Investments and Pensions, PO Box 24204, Edinburgh EH3 1JP**.
3. Use our automated valuation line on **03455 28 52 85**, with your original account number starting 'VIR' to find out the current value of your Investment Account.
4. Make payments by cheque if you need to.

We'll send your six-monthly statements and other information by post. You can view copies of these online too.

If the account is held jointly, any of the account holders can manage the account.

If you'd prefer to manage your account digitally instead – like the customers who opened their account after 1 January 2023 – you can. It's simple to do, just choose **Go paperless** in our Online Service.

*You originally had an account number starting 'VIR' and received our regular statements by post.

2. Keeping track

To check how your Investment Account is doing, just sign in to our Online Service or take a look at our Investments and Pensions app.

We'll also give you a statement every six months. This tells you everything you need to know about your Investment Account – money in, money out, values, charges and performance.

3. Staying safe online

For our Online Service, you'll need to set up a password and keep it safe.

This means:

- Never tell it to anyone.
- Never write it down in a way that's obvious for others.
- Don't make it easy to guess.
- Change it regularly.

If you ever forget your password, just head to Online Service to reset it.

Every time you sign in to Online Service, we'll ask you to prove it's you. We'll either send a security code to your phone or send a notification to you using the Investments and Pensions app. It's an extra level of protection – because keeping you safe online is really important to us.

4. Paying money in

There are three ways to pay in:

- Monthly Direct Debit (a minimum of £25 to start).
- Debit card (a minimum first payment of £100).
- Transferring another investment account to us.

You can change the amount of your monthly Direct Debit at any time.

What happens and when

If you pay the money to us **before 4pm** on a working day, we'll buy units for you the same working day.

If you pay the money to us after 4pm on a working day, on a weekend or Bank Holiday, we'll buy units for you the next working day.

Our working days are Monday to Friday, but not Bank Holidays.

We can only make a transaction after we've received all the information we need, and have completed our checks.

If you opened an account before 1 January 2023 and a payment is made by cheque, we'll buy units for you once the cheque has cleared. (It normally takes two business days for cheques to clear, or three business days if received late in the day).

Transferring other investment accounts to us

If you've got money in another investment account, you can transfer it to us – even if it's a small amount. Just remember, it's the cash value that's transferred, not individual shares or units.

5. Switching between funds

You can move money from one fund to another, without charge. You can move all or part of your money, but it has to be at least £50. If you have less than that, you'll need to switch the entire amount.

If you ask us to move more than 90% of your money from one fund to another, you'll need to switch the whole lot. We set the limit at 90% in case the value of your investment drops to less than the amount you asked for before the switch goes through.

How long it takes

We can only make a transaction after we've received all the information we need, and have completed our checks. We'll then follow these rules.

Switching all your money between funds

If you tell us to switch **before 4pm** on a working day, we'll sell your units the same working day. We'll buy units the next working day.

If it's after 4pm on a working day, over the weekend or on a Bank Holiday – we'll sell your units the next working day. We'll buy your units the working day after that.

Switching some of your money between funds

If you tell us to switch **before 4pm** on a working day, we'll sell and buy units on that same working day.

If it's after 4pm on a working day, over the weekend or on a Bank Holiday – we'll sell and buy units the next working day.

Our working days are Monday to Friday, but not Bank Holidays.

6. Taking money out

You can take some or all of your money out whenever you like. There's no withdrawal fee. (For a joint account, all withdrawal requests need to be in writing from all account holders.) We can only make a payment after we've received all the information we need, and have completed our checks.

Withdrawals

You can take some or all of your money out of your Investment Account at any time. It could be a one-off withdrawal, or you can set up a regular monthly withdrawal into your bank account. The minimum amount for either is £50. If you've got less than £50 in your Investment Account, you'll have to take out the whole lot (take a look at **Closing your account** to find out more).

If you're making a one-off withdrawal and tell us **before 4pm** on a working day, we'll sell your units the same working day.

If it's after 4pm on a working day, over the weekend or on a Bank Holiday – we'll sell your units the next working day.

Once we've received the cash from the sale, we'll send you the money. If the money is returned to us (e.g. a cheque that isn't cashed) and your account is still open, we'll reinvest the money. We'll do this in line with your most recent fund choice.

If you want to keep your Investment Account open, you can only take out up to 90% of its value. If you want to withdraw more than that, you'll need to cash it all in and this will close your account. We set the limit at 90% in case the value of your investment drops to less than the amount you asked for before the withdrawal goes through.

If you're requesting 100% of your money, we'll sell all your funds and send the money to you. If you have a payment that's going through that hasn't yet been invested, it won't be included – but you can withdraw it later, when invested. Once all your money has been withdrawn we'll close your account.

Transferring your Investment Account to another provider

If you want to transfer this account to a new provider, they'll tell you what you need to do – and they'll get in touch with us to arrange it. Once we've received the information we need, we'll arrange for the transfer to your new provider.

If you're asking to transfer part of your Investment Account, you'll need to specify the cash amount. It will be this amount which is transferred.

7. Closing your account

This agreement applies until your account is closed.

Your account will be closed by:

- Taking all your money out.
- Transferring your Investment Account to another provider.
- Cancelling your application (see **Changing your mind**).

8. Charges

The annual cost of your Virgin Money Investment Account is made up of two separate charges:

• Our Account Charge

This covers the cost of running your account. To work it out, we look at the value of your account each day to calculate how much you need to pay and add it up once a month. We then sell some of your units to cover the charge.* The charge is spread across your funds in proportion to how much you have in each on the day we collect the charge. So, if you have 70% of your money in one fund and 30% in another – 70% of the charge will come from selling units in the first fund. It's not charged on any cash you hold with us.

When we collect the charge depends on when your account was opened:

– After 1 January 2023

It's based on the date you opened your first investment or pension with us. So, if that was 1 January, we'll collect the charge on the first of each month (or the next working day).

– Before 1 January 2023

It's based on your birthday, so if your birthday's on 14 January, we'll collect the charge on the fourteenth of each month (or the next working day).

If you take all your money out, or transfer your account elsewhere, we'll work out the Account Charge for the part of the month you were invested with us. We'll take it from your investments when we complete the withdrawal or transfer.

* If you have any cash in your account, we'll use that to pay the charge instead of selling some of your units. The cash isn't included when we calculate the Account Charge.

- **Our Annual Management Charge**

This is for managing your investments. Each fund has its own charge so the amount varies depending on which funds you're invested in. Unlike the Account Charge, you won't see this charge come out of your account each month. Instead, it's reflected in the daily unit price of each fund.

You'll find the charges listed in **Our funds and charges** document. Please read it together with your Terms. Keep both of them somewhere safe in case you need to refer to them again. If you need another copy of either, just visit our website.

9. Transaction costs

There's a cost to buying and selling the investments that each fund is made up of. Those transaction costs are reflected in the fund's unit price. The actual costs will vary each year and you can see the totals for each fund in their annual Report and Financial Statements.

On rare occasions, we might charge transaction costs to you directly. For instance:

- If your transaction is over £500,000 or £1,000,000 (depending on the fund).
- The fund's overall value keeps getting smaller.
- A large chunk of the fund's units are being bought or sold.

This is called a dilution levy, and the idea is to ensure that all the investors in a fund are treated fairly in these kinds of situations. The costs are different for each fund but shouldn't be more than the amounts shown in **Our funds and charges** document. You'll see the amount of the dilution levy as a separate charge on your statement.

You can get more detailed info in our Prospectus – it's available on our website if you want to take a look.

The finer details

Buying and selling, ups and downs, nuts and bolts

10. Keeping track of your units

Your units are pooled together with the units of our other customers. They're all recorded in one big account and registered in the name of Virgin Money Nominees Ltd, a company that we fully own and are fully responsible for.

We keep a separate record of how many units every customer has individually. Also, we check the customer list against the total number of units in the big, pooled account every day to make sure the numbers match up.

11. Buying and selling in bulk

When we buy, sell or manage units for you, we do it in bulk. In other words, your units are pooled together with those of other customers. This could mean the price you get might not be as good as if your units had been bought or sold separately.

It also means that we may have part of a unit or some money that we can't split equally between all the customers involved in that bulk transaction. If that happens, we apply a standard method to give the part of a unit or money to one of the customers involved.

12. Ups and downs

The value of your investment will rise or fall in line with the ups and downs of the underlying assets that each fund invests in (like shares and bonds). So you may get back less than you invest.

If the value of those assets goes up, the value of your investment will tend to go up too. If their value goes down though, the value of your investment will probably go down. Any increase or decrease in the value of your units is reflected in the daily unit price.

13. Investment income

Every six months we work out the total amount of income received by each fund. What happens to it depends on when your account was opened.

After 1 January 2023

The income received will be reflected in the unit price of the fund.

Before 1 January 2023

Depending on the fund you're invested in, the income will either be reflected in the unit price or paid out. If it's paid out you can choose to automatically reinvest it to buy more units in the fund or have it paid out to you. That decision applies to all funds of that type held in your Investment Account.

The investment income will only be added once we receive everything we need from our fund manager.

Any investment income that's paid out to you but returned to us (e.g. a cheque that isn't cashed), will then be reinvested if your account is still open. We'll do this in line with your most recent fund choice. If it keeps happening, we may also change how we treat your future investment income, so it's automatically reinvested.

14. Keeping your money safe

For the period between paying money in and us investing it (or when you take money out but it hasn't reached you yet) we'll hold the money as cash. This is known as **client money**.

Since it's your money, we make sure it's separate from any of ours and keep it in an account with Lloyds Bank Plc. (This account doesn't earn any interest.) Just so you know, we won't be responsible for anything that Lloyds Bank Plc does or doesn't do.

If Lloyds Bank Plc or we became insolvent and there was a shortfall in the client money account, you may be expected to share some of the loss.

Any loss may be covered by the Financial Services Compensation Scheme (FSCS), up to a maximum of £85,000. The FSCS also applies to any investments held with Virgin Money, which means they would also be covered up to that limit if we became insolvent.

To find out more, visit [fscs.org.uk](https://www.fscs.org.uk)

Please note: If we're holding cash for you in the client money account and you haven't made any transactions for six years, we may send the money to charity. We'll let you know before we do this. If it is over £25 and you decide you want the money back at any point, just get in touch.

If things don't go to plan

Second thoughts? Something not right? Here's what to do

15. Changing your mind

We hope you don't change your mind, but if you do, you can cancel your account within 30 days of opening it. You'll get back whatever your Investment Account is worth, which could be more or less than you put in. Otherwise, it'll be as if you never opened the account.

If you've asked to transfer an investment account to us and then cancel this account, we'll check whether we can return any money back to your old provider. If they refuse to accept it, we won't sell your units and we'll get in touch with you to discuss what to do next.

16. If you're not happy, we're not happy

If you think we've got something wrong, just let us know and we'll do everything we can to fix it.

To find out more about how we handle complaints, visit [virginmoney.com](https://www.virginmoney.com), head to the **Contact us** section and go to the **Complaints** section.

We'll look into your complaint and get back to you as soon as we can. You may not be satisfied with our complaint decision/resolution letter, or we may not have provided this in the timescales required by the Financial Conduct Authority. If so, you may be able to ask the Financial Ombudsman Service (FOS) to look at your complaint. You need to do this within six months from the date of our complaint decision/resolution letter.

FOS is a free, independent organisation which can help to settle disputes between customers and financial services firms. More details can be found on their website: www.financial-ombudsman.org.uk

We hope it never gets to this, but if you want to take us to court, what you need to do depends on where you live:

If you live...	You'll have to sue us (and we'll have to sue you) in these courts, unless you've got a good reason to go elsewhere...	The decision will always be made using the laws of...
In Scotland	Scotland	Scotland
In Northern Ireland	Northern Ireland	Northern Ireland
Anywhere else	England	England

Making changes

What we can change, when we can change it, and how we let you know

17. When we can change this agreement

Every now and then, we'll need to change this agreement between us. These are the only reasons we can change it:

- If we think we could say something more clearly, or to correct something.
- If we add a new service, or improve or change an existing one.
- If there's a change to the systems or technology we use. For example, this could happen if we upgrade the IT systems your account runs on.
- If our legal duties or your legal rights change. For example, this could happen if:
 - There's a change in the law or regulations.
 - We have to follow new guidance.
 - There's a decision made by an Ombudsman.
 - There's a new industry code of practice.
- If it becomes more expensive to maintain your account, or we've got a good reason to think it will. For example, this could happen if our partners charge us more for running the investment funds or the systems we use.

Here's when we'll tell you about changes:

When it's good news

Like reducing a charge or making a term clearer

We'll tell you as soon as we can after the change

When it's bad news

Like increasing a charge or getting rid of a service

We'll tell you at least 30 days before we make the change

We always try to be fair, so if we make a change you don't like, you can close your account by:

- Asking us to do so.
- Transferring to another provider.

18. When we can close your account

We can close your account for any reason, as long as we let you know at least two months before.

If you have less than £50 in your account we may donate the money to a charity of our choice. We'll only do that if you haven't paid any money in or taken any out in the last 24 months. We'll always give the money back to you if you ask.

We can also close your account without telling you first. We'll only do this if we think that:

- Keeping your account open means we're likely to break a law, regulation or another duty that we have. For example, you haven't provided us with any documents that we need from you.
- You weren't entitled to open the account.
- You're using the account in a way that's not allowed. For example, you're holding the money for someone else.
- You've acted fraudulently or illegally. That includes telling us incorrect information on purpose.
- You've been abusive or threatening to any of our team.
- You've let another person use your account when you shouldn't have.

If we ever planned to close your account for one of these reasons, we'd get in touch with you to explain what's going on. That's as long as it wouldn't get us in trouble with the law for doing so.

If your account is closed, you'll get back whatever your Investment Account is worth, which could be more or less than you put in.

More legal bits

Important things about us, you, and the law

19. Who we are

We're Virgin Money Unit Trust Managers Limited, and we're your Investment Account manager.

We're authorised and regulated by the Financial Conduct Authority. Our Financial Services Register number is 171748.

Our registered address is: Jubilee House, Gosforth, Newcastle upon Tyne NE3 4PL.

20. Law and language

English and Welsh law applies to this agreement between us, and we'll always talk to you in English.

21. Conflicts of interest

If what you want and what we want don't match, we'll always try to sort things out in the fairest way we can.

We've got a Conflicts of Interest Policy. It explains how we make sure we treat customers fairly if there's a conflict. Get in touch if you'd like a copy.

22. Keeping to these terms

Sometimes we might not be able to stick to everything we promise in this agreement. We can't be held responsible when we have to do certain things by law. The same goes for when something unusual or unexpected happens that we can't control or avoid – like power failures or extreme weather.

If you don't keep to these terms we won't always do something about it. Just because we don't do anything once though, it doesn't mean we won't or can't the next time.

These terms give us rights. For example, we can refuse to buy or sell units for you sometimes. We can give all or some of those rights to another company but only if that won't change the protection you have. Sorry, but it doesn't work both ways. You can't give your rights to anyone else.

23. If we sell our business

Don't worry, we're not planning to transfer any of our business to another investment account provider any time soon. If that changes, we'll give you plenty of notice before we sell part or all of our business to another firm.

If we ever decide to transfer our business in the future, we'll make sure the new firm keeps any client money safe. This will be in line with the Financial Conduct Authority's rules, or we'll check the new firm protects your client money in some other way.

How we use your personal information

Here's a summary of how your information may be used and shared by Virgin Money Unit Trust Managers Ltd. You can find full details on our website at virginmoney.com/privacy

Using your information

The personal information you give us, or that we collect or create, will be used in a number of ways throughout the time you're a Virgin Money customer. We'll use it to:

- Check your identity and eligibility for this account.
- Manage your account and your relationship with us.
- Prevent financial crime and the funding of terrorism.
- Improve our services and computer systems.
- Identify other products and services that you may find useful. (We'll only contact you if you're happy to hear from us).
- Manage and organise our business.

The information we ask for when you apply for this account is used to:

- Check your identity and eligibility for this account.
- Manage your account and relationship with us.
- Prevent financial crime and the funding of terrorism.

You don't have to give us this information but if you don't provide it, we won't be able to proceed with your application.

Sharing your information

We'll regularly share your information with credit reference and fraud prevention agencies to check your identity and to prevent and detect fraud and other financial crime. They may link your information to the information of a joint applicant, spouse or other financial associates.

Where we need to, we'll share information with UK or overseas tax authorities. We may also share information within our group of companies or with our commercial partners. Some information may be held and used outside the UK and European Economic Area (EEA).

For details of the credit reference and fraud prevention agencies we use and the companies within our group, please see our website at virginmoney.com/privacy

Holding your information and your rights

We'll hold your information for as long as necessary to manage your relationship with us and to meet our legal and regulatory obligations.

You can always ask for a copy of any information we hold about you. If you spot any errors, we'll correct them. You may also be able to ask us for some or all of your information to be deleted, or to limit the way we use it. Full details of all of your rights can be found on our website at virginmoney.com/privacy

If you're unhappy with the way we're using your information, please talk to us so we can try to sort it out. If this doesn't fix it, you can write to our **Group Data Protection Officer, Virgin Money, Group Risk, Level 3, 51 West George Street, Glasgow G2 2JJ**. Or you can contact the Information Commissioners Office (ICO). The ICO is the UK's independent body set up to make sure organisations handle your information correctly. You'll find further details, including how to contact the ICO at ico.org.uk
