Over the next few months, we'll carry on working with customers and the community on how to access Virgin Money or alternative banking services once we close the Store. We want to make sure the right support is in place for your banking needs and there are enough banking services in your local area.

In the lead-up to the Store closing, we'll share the results of this work with our customers and the wider community.

Understanding the impact of closing this Store

Background

More and more customers are taking advantage of our digital services and only visiting Stores when they want to discuss a significant life event. Between April 2019 and July 2021 we've seen digital registrations increase from 48.7% to 57.6% across our personal customers, and daily internet banking and mobile app logins are up 66%.

It's important to balance investment in digital services with making sure our Store network continues to meet the needs of our customers. This means that we've made the difficult decision to close a number of Stores, including Chesterfield.

This decision has been reached after considerable thought and analysis which includes input from local management.

Our Stores will continue to be a really important part of what we do and we've recently refreshed and revitalised them now that we're one Virgin Money brand.

We've signed up to the UK Finance Access to Banking Standard and follow this for all Store closures:

www.lendingstandardsboard.org.uk/wp-content/uploads/2017/07/Access_to_Banking_Standard.pdf.

On 21 September 2020, the Financial Conduct Authority (FCA) introduced new standards which we'll also follow. More info can be found at www.fca.org.uk/publication/finalised-guidance/fg20-03.pdf

Considerations

In trying to decide whether to close a Store, we look at a lot of different things.

As well as how often a Store is used, we look at how local customers – including potentially vulnerable groups and business customers – will be able to carry on using banking services after the Store closes.

- > Number of customers using the Store
- > Number of other Stores we have in the area
- > Distance to nearest Store
- > Change in number of transactions in Store
- > Change in customer use of Store
- > Current lease on Store
- > ATM availability
- > Access to other banks in the area
- > Banking services at the local Post Office**
- > Public transport to other Stores
- > Other ways to bank (e.g. mobile, internet and phone)

**Business customers will be charged their agreed tariff for transactions, except Change Giving where the costs are recharged monthly in arrears.

Our decision to close Chesterfield Store was influenced by the following:

- > We continue to see an increase in mobile use and customers signing up for digital services.
- > Should a customer wish to use a Store for general advice or to discuss a product, Sheffield - Woodseats Store is 9.1 miles away and there are a further 3 Stores within 14 miles.
- > There are other ATMs in the area that are free to use.
- > Our mobile, internet and telephone banking facilities allow customers to do most day-to-day tasks, like balance checks, viewing transactions, transferring money between accounts, paying bills and cancelling / amending regular payments. Customers can even pay in a cheque on the go.
- > Customers are also able to use our mobile app to make external payments in a number of different ways and we're continuing to make our digital banking services bigger and better.
- > The local full service Post Office is located nearby on 4 Middle Pavement and provides personal and business customers with an alternative way to do their day-to-day banking transactions, such as cash withdrawals and paying in cash and cheques.
- > Customers can get all the information about our products and services, or raise any concerns by calling us on **0800 121 7365**. Our opening times are 7am to 9pm Monday to Saturday and 10am to 5pm on Sundays.
- > All our Stores offer an identical service, with good accessibility.

Understanding the impact of closing this Store

What influenced our decision?

We've looked at how all customers, particularly those potentially vulnerable groups and businesses, can continue to access banking services after the Store closes. Below is some important info about how our customers are using the Store:

37%

Transactions down year on year

- > **70%** of customers visited the Store 3 times or less in the last 12 months (with more than half of these also using alternative channels with 44% digitally active)
- > Of our customers aged 70 and above, 64% visited the Store on 3 days or less during the last 12 months.
- > Potentially vulnerable customers (within one or more of the following; over 70 years old, receive benefits, have a basic Personal Current Account, are store users only or are in arrears) 68% of those customers visited the Store on 3 days or less during the last 12 months.

- > Micro Enterprises & Charities Customer Insight - 59% of micro enterprises visited the Store on 3 days or less during the last 12 months, with 45% of transactions involving cash. 61% of charities visited the Store on 3 days or less during the last 12 months, with 38% involving cash.

Our Store colleagues will actively engage with customers, including those potentially vulnerable, to discuss their options and support how they'd like to bank, along with engaging with local groups in the community.

Details of the activities, additional support requirements, feedback received and remedial action needed will be included in the Store Review document, which will be available on our website and in Stores this December.
