# Summary of discussions

This Store review shares the outcome of discussions following the closure announcement for Cumbernauld Store. It also contains our contact information if you have any questions or need help before or after the Store closes.

Since the closure announcement, we've been speaking to customers and local stakeholders to find out how we can limit the effects of this closure as much as possible. This has included reaching out to vulnerable and potentially vulnerable customers to offer additional support.

## Why we're closing your Store

More and more customers are taking advantage of our digital services and only visiting Stores when they want to discuss a significant life event. Between April 2019 and July 2021 we've seen digital registrations increase from 48.7% to 57.6% across our personal customers, and daily internet banking and mobile app logins are up 66%.

It's important to balance investment in digital services with making sure our Store network continues to meet the needs of our customers. This means that we've made the difficult decision to close a number of Stores.

This decision has been reached after considerable thought and analysis which includes input from local management.

Our Stores will continue to be a really important part of what we do and we've recently refreshed and revitalised them now that we're one Virgin Money brand.

## Just so you know

When we announced the Cumbernauld Store was closing, we published an impact assessment. This provided more information on why we made the decision and ways in which customers could continue to make the most of our banking services. Head to [virginmoney.com/store-closures](https://virginmoney.com/store-closures) or ask in Store to find out more.

## Feedback from customers and local stakeholders

### Customer feedback

Some customers have raised concerns over the closure of the Store and we have received a total of 0.02% complaints on the closure per customers mailed. We've been speaking to them about their personal circumstances and providing information on ways to continue to bank with us. We're confident that the transfer of accounts to the new Store will be smooth and there are alternative ways to bank with us locally or by using our digital services. These include:

- > Should a customer wish to use a Store for general advice or to discuss a product, Kirkintilloch Store is 7.3 miles away and there are a further 3 Stores within 13 miles.
- > There are other ATMs in the area that are free to use.
- > Our mobile, internet and telephone banking facilities allow customers to do most day-to-day tasks, like balance checks, viewing transactions, transferring money between accounts, paying bills and cancelling / amending regular payments. Customers can even pay in a cheque on the go.
- > Customers are also able to use our mobile app to make external payments in a number of different ways and we're continuing to make our digital banking services bigger and better.
- > The local full service Post Office is located nearby on 7 Teviot Walk and provides personal and business customers with an alternative way to do their day-to-day banking transactions, such as cash withdrawals and paying in cash and cheques. Head to [www.postoffice.co.uk/branch-finder](https://www.postoffice.co.uk/branch-finder) to find other Post Office locations.
- > Customers can get all the information about our products and services, or raise any concerns by calling us on **0800 121 7365**. Our opening times are 7am to 9pm Monday to Saturday and 10am to 5pm on Sundays.

### Stakeholder & community feedback

Jamie Hepburn MSP has written to request information on how we have chosen the branches we are choosing to close and the basis for this. He raised particular concern for customers who struggle with mobile/telephone banking - we have responded to his email.

Jamie Hepburn MSP and Stuart McDonald MP subsequently requested a meeting to discuss the closure and asked about the number of customers who are not registered for digital banking. Due to their diary commitments we held two separate meetings.

## Stakeholder & community feedback continued

The meeting with Stuart McDonald took place on 3 November with Lyn Rose and Allison Hair. Mr McDonald asked a number of questions in relation to the long term banking trends 'post Covid', the shopping centre the Store is located in and the possible increase of fraud if customers moved to digital banking. All items were discussed in detail.

The meeting with Jamie Hepburn MSP took place on 4 November with Lyn Rose and Allison Hair. Mr Hepburn asked a number of questions in relation to the changes to the Bank's Store network over the last 18-24 months, the impact of Covid, changing customer demand, the shopping centre the Store is located in, and the Banking Hub pilot within Cambuslang.

On 7 October 2021, our Store Manager had a meeting with the Manager of the local Post Office based in WHSmiths. We shared information on our Store Closure and supplied a copy of our Impact Assessment leaflet. We agreed that some customers, particularly the elderly may need additional support in transitioning to using the Post Office services for day-to-day banking. It has been agreed we will walk with their customers for their first visit to the Post Office. We have also been sharing details with our customers, of other local Post Offices in the area.

Our Store Manager has also phoned the local Library to see if any support groups based there would benefit from additional support from our team. We have since supplied copies of our Impact Assessment providing details of our closure, Post Office paying in envelopes and dates of our digital banking sessions.

Our Store Manager has also attempted to contact the local Citizens Advice Bureau, but they are closed at present. Should they reopen before our Store closure, we will make contact.

# Outcome of engagement

A lot of thought and consideration went into the decision to close Cumbernauld. Following this, local engagement has confirmed that there's been no additional impacts beyond those considered during the decision making process. The number of alternative ways to bank in the local area and the availability of digital services, means that customers can continue to access banking services after the Store closes. This means the Store will close as planned on 6 January 2022.
